

# iPSZürich Symposium

## April 25<sup>th</sup>, 2025 • Zurich, Switzerland

Prof. Micha  
Drukker

Prof. Marlen  
Knobloch

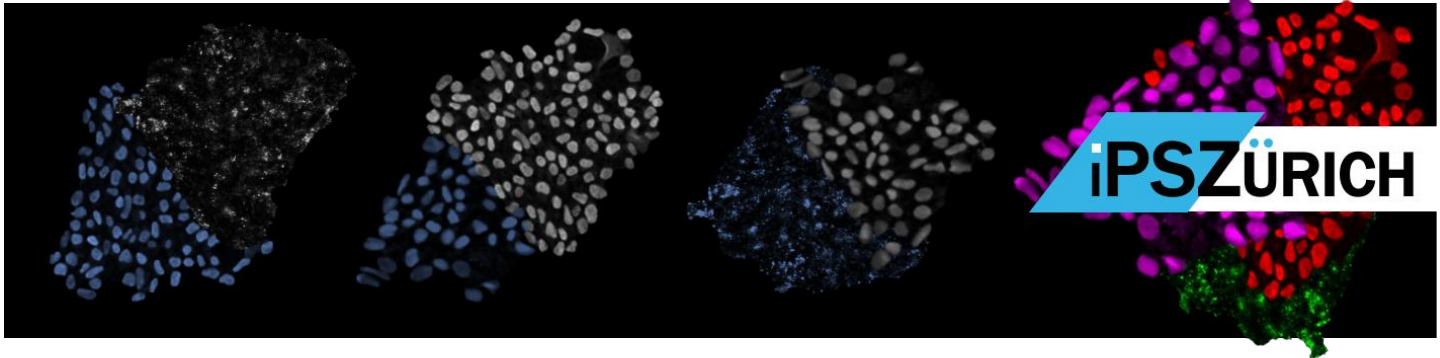

Dr. Andrés  
García-García

Dr. Laura  
Pellegrini

# ABSTRACT SUBMISSION AND REGISTRATION ARE OPEN

«Tissue Development and Regeneration»  
«Cell Biology of Stem Cells»  
«Translational Applications»  
« Disease Model»

# iPSZürich Symposium

## April 25<sup>th</sup>, 2025 • Zurich, Switzerland

### Programm

8:00-8:30 Registration and Poster Set-up

8:30-10:00 Session 1 «**Tissue Development and Regeneration**»

**Dr. Laura Pellegrini**, King`s College London, UK

*«Choroid Plexus Organoids: A Window into Epithelial Maturation and Injury Response»*

3 Talks selected from abstracts

10:00-10:30 Coffee Break

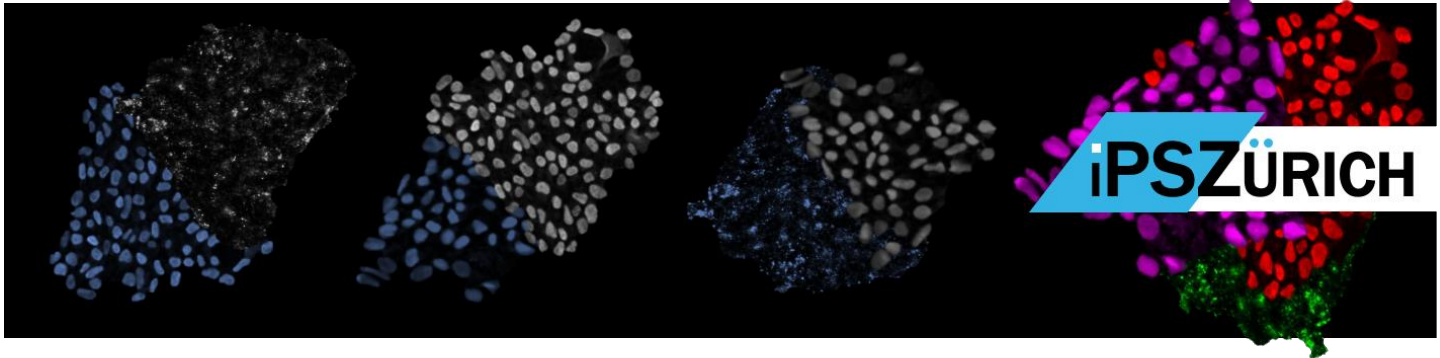

10:30-12:00 Session 2 «**Disease Model**»

**Dr. Andrés García-García**, University of Basel, CH

*«Human 3D organotypic culture systems towards tissue regeneration and disease modeling»*

3 Talks selected from abstracts

12:00-13:00 Lunch

# iPSZürich Symposium

## April 25<sup>th</sup>, 2025 • Zurich, Switzerland

### Programm

13:00-14:00 Poster Session I

14:00-15:30 Session 3 «Cell Biology of Stem Cells»

**Prof. Marlen Knobloch**, University of Lausanne, CH  
*«Metabolic regulation of neural stem cells»*

3 Talks selected from abstracts

15:30-16:30 Poster Session II

16:30-18:00 Session 4 «Translational Application»

**Prof. Micha Drukker**, Leiden University, NL  
*«Capture of human axial stem cells»*

3 Talks selected from abstracts

18:00-18:30 Closing Remarks and Awards

18:30-20:00 Networking and Apéro Riche
